

Good morning,

I'm emailing you to let you know that I am **AGAINST** HB6355. This law, if adopted, will allow people to have my RIGHTS removed if they feel I shouldn't have firearms. This is truly against the Constitution and would become a nightmare for all legally owned firearms. Remember the 2nd Amendment "...the right of the people to keep and bear Arms shall not be infringed.". Also remember the case of "*District of Columbia v. Heller*, 554 U.S. 570 (2008), was a landmark decision of the US Supreme Court ruling that the Second Amendment to the United States Constitution protects an individual's right to keep and bear arms, unconnected with service in a militia, for traditionally lawful purposes, such as self-defense within the home..." This suggested legislation CLEARLY goes against both the Constitution and the Heller case. I do NOT want the citizens of CT to have to pay for the legal fees when a case will be heard about this as I'm sure it will happen if you foolishly allow this to become law.

I'm also emailing you to let you know that I am **FOR** HB6491. This is just common sense, as some people that are against firearms, will still have the opportunity to purchase a device to protect them against criminals. It's time you STOP taking legal citizen's rights away and giving more rights to criminals.

Thank you.
